

SUMMIT

CHRISTIAN ACADEMY

School Profile

Our School

Summit Christian Academy (SCA) is an independent Christian school offering preschool through 10th grade. Founded in 1974, SCA is a member of the Association of Christian Schools International (ASCI). We strive for academic excellence built upon an evangelical Christian foundation.

Our Mission

SCA partners with parents to offer a challenging Bible-centered based education resulting in students who are motivated to confidently impact their world for Jesus Christ.

Our Curriculum

We strive to develop life-long learners who diligently seek a personal relationship with the Lord. The core curriculum includes reading, language arts, mathematics, science, social studies and Bible. Smartboard technology and other supplemental programs provide a dynamic learning environment for our students. Fine Arts education, including art, choir and drama, completes our program. This well-rounded, curricular approach encourages the development of each child, while building upon individual strengths.

Our Faculty

The faculty is composed of committed Christians who are devoted to educating students in a Christian environment. Each faculty member holds a bachelor's degree (or higher) in a specialized area of education. Our faculty actively disciple students in their knowledge and relationship with the Lord.

Our Campus

God had blessed us with a beautiful 17-acre property nestled in a quiet section of South Abington Township in Northeastern Pennsylvania. Our school buildings house students in preschool through 10th grade. We also have an amazing playground for our elementary students, and our gymnasium is used for PE class and recess colder months.
